Profile Summary

Motivated fresher Software Developer with a solid foundation in Computer Science and full-stack development. Skilled in building responsive web apps with React.js, Next.js, and scalable backends using Node.js, Express.js, and Flask. Experienced with MongoDB, MySQL, Git, and Docker. Eager to apply my technical skills and problem-solving mindset to contribute to impactful projects.

Skills

Programming Languages: C, C++, Python, Javascript, Typescript

Frontend Development: React.js, Next.js, HTML5, CSS3, TailwindCSS

Backend Development: Node.js, Express.js, Flask, Redis

Database: MongoDB, MySQL

Tools: Git, Docker

Operating Systems: Linux, Windows

Education

Bachelor of Technology in Computer Science and Engineering (Artificial Intelligence and Machine Learning)
Bharati Vidyapeeth's College of Engineering, Kolhapur **2022-2025**

Projects

1. Real-Time Chat Web Application [[Github Link](#)]

Tech Stack - React, Vite, TailwindCSS, TypeScript, Socket.io, Node.js, Express, MongoDB, Zod, Zustand, React Query.

Description:

- Developed a real-time chat app with React frontend and Node.js Express backend.
- Used Socket.io for live messaging and MongoDB for data storage.
- Implemented JWT for secure authentication, Zod for validation, and Zustand for state management.
- Integrated authentication, real-time messaging, and state management for a seamless user experience.

2. EduLink – College Management System + AI Chatbot [[Github Link](#)]

Tech Stack: Node.js, TypeScript, Next.js, Tailwind CSS, MongoDB, Python, Flask, ChromaDB, Docker

Description:

- Built a full-stack platform for managing students, teachers, and admins.
- Developed REST APIs and responsive UI for course, fee, and attendance tracking.
- Integrated AI chatbot for role-based academic query resolution.

3. File sharing Web Application [[Github Link](#)]

Tech Stack - Node.js, Express, Multer, Mongoose, MongoDB

Description:

- Developed a file-sharing app using Node.js and Express, supporting various file types.
- Used MongoDB for data management and created file shareable links for file access.
- Ensured file access control and improved user experience with simple UI.

Certification

- Introduction to Web Development with HTML, CSS, JavaScript – Issued by Coursera
- Developing Front-End Apps with React – Issued by Coursera
